Product Data Sheet — Heatseal H212 with SureFlow TECHNOLOGY

The A4 'leader''

SureFlow™ Technology has been developed with the office user in mind. Leading edge technology has been encorporated into the H212 to allow you to laminate with confidence and ease. Stress free laminating at its best.
This laminator is the obvious choice of laminator for the discerning office.
The industry standard 241mm 'throat' caters for many sizes from small ID sized up to A4 size which is used for standard documents which you wish to protect and preserve.
Using 2x75mic (150 Total) pouches with this laminator you can extend the lifetime of your menus, reference documents etc. and for increased rigidity of document for items such as diplomas and certificates use 2x125mic(250Total) pouches.
Or if you want to carry our cold lamination this machine still meets your needs.
